2. ENTER YOUR DEFAULT PASSWORD

The default password to be used the first time you log in is the one sent to you by mail (see the letter entitled "Password" below). In this example, the default password is: 123456

You can also obtain your password by e-mail⁽¹⁾ by clicking the link "Get your codes" and following the steps indicated.

The image is a composite of three parts illustrating the password setup process:

- Left Panel (Email Interface):** Shows an email from Societe Generale Securities Services. The subject is "Account login". The body contains an automated message with a default password of "123456" highlighted in a box. A red arrow points from this box to the "Get your codes" link in the central login form.
- Center Panel (Login Form):** Titled "Access to your account", it features an "Access code" field with "61234567" entered, a "Password (6 digits)" field, and a "Log in" button. A red arrow points from the "123456" password in the right panel to this field.
- Right Panel (Password Card):** A printed card titled "SOCIETE GENERALE Securities Services" and "PASSWORD ONLINE SERVICES". It includes contact information and a "Dear Sir/Madam" message. The default password "123456" is printed in a box, with a red arrow pointing to the password field in the login form.

(1) To get your password by e-mail, you must first enter your date of birth, your country of birth and your e-mail address registered in your account. The password received is valid for 24 hours.

3. CHOOSE YOUR PERSONAL PASSWORD

During your first connection, you must change your password.

This system enables you to enter a personal password that will ensure greater security for future sessions. You must enter your chosen personal password in addition to your access code in order to log on to your Sharinbox personal zone.

This personal password must be made up of 6 digits (e.g.: 355189).

You can change this personal password at any time on Sharinbox.
